MEDCo is Maine's premiere cannabis service. With daily specials, new customer deals, quick delivery service, and a loyalty rewards program, our business model is designed to save the customer money.

Our team is comprised of four members: Keith, Joey, Joe, and Alex. Keith is one of the growing partners, with his grow located in Lewiston. Keith is highly experienced in the growing field, cultivating exclusively indoor and producing a wide array of top-notch strains that many Mainers have grown to love. Joey is the executive chef partner. Highly creative and talented in the kitchen, he handcrafts all of the edibles in our in-house kitchen. Joey worked for Bill Murray and as the executive chef for a Google branch before rolling his skills into the cannabis industry. Joe is another one of the growing partners, with elevated knowledge and experience in Emerald City's growing community, Joe produces a variety of strains with meticulous care in his state of the art warehouse. Alex is the operating partner, with a background in hospitality management. Having managed successful cannabis companies in the past, Alex's passion is spreading knowledge and the power of the plant. The team has over 40 years of combined experience working with cannabis and formed a partnership in MEDCo based on the shared foundation of quality, consistency, and hospitality.
